

What's so special about the **45-Day Challenge**?

You will work with 4 coaches. Few programs that are 10x the cost of the **45-Day Challenge** offer more than 1 or 2 coaches at the most, while JTS Advisors once again is here to turn the industry over on its' ear. We want to be the trendsetters and the one to follow, and this program proves it. Each coach has different roles to provide the best results that any 45-Day period would ever allow:

1. **Group Coach:** I am here to coach you on both strategy and execution in a group context. Being in the presence of a great group coach should motivate and inspire, as well as keep you powerfully accountable to your word and provide answers to your most burning questions.
2. **Accountability Coach:** Your accountability coach is here to make sure that you DO what you learned during your other sessions.
3. **JTS Advisors Senior Coach:** Your JTS Advisors senior coach has the honor and responsibility to provide your biggest breakthroughs for the duration of the **45-Day Challenge**. How do they do it? Other than being the best trained coaches in the world, the private focus provides (as we say in our slogan) REVOLUTIONARY GROWTH.
4. **Marketing coach:** Your marketing coach is there to work with you on what sets the achievers in professional life apart from the rest... the best branding, promotion, advertising, and marketing.

LOGISTICS: Date and time of coaching sessions are to be determined. Times of coaching calls and teleconferences are to be determined in advance by THE COACH. For sessions, Client will call the designated numbers. Client will pay for all telephone charges. There are no make up sessions. CLIENT HAS BEEN MADE AWARE THAT THE COACHING-CONSULTING RELATIONSHIP IS IN NO WAY TO BE CONSTRUED AS PSYCHOLOGICAL COUNSELING OR ANY TYPE OF THERAPY. In the event client feels need for professional counseling or therapy it is the responsibility of the client to seek a licensed professional.

JTS ADVISORS PRESENTS THE 45-DAY CHALLENGE

WHY DO WE DO IT THIS WAY?

There are two principles of achievement that I base every JTS Advisors coaching program upon.

1. **STRATEGY:** *If you don't have the right strategy, it doesn't matter how motivated or reliable you are, you won't achieve your dreams. With the right strategy, with even LESS effort, you can get ten times the rewards than without the right strategy.*

2. **EXECUTION:** *No matter what strategy you use, you still gotta DO it! And you must do it POWERFULLY as well to get the result. That's why some will say that a particular strategy doesn't work, while others have proven it to work... the difference is execution. Without it, nothing works whatsoever.*

The 45-Day Challenge has combined the best of both Strategic and Executive coaching to provide a springboard to new and revolutionary results.
